## IN-RE HENRY E. COOPER

BRIEF FOR RESPONDENT FILED  
TODAY.

Not Only Asks That the Rule be Discharged But That the Conduct of Relator be Condemned.

Attorney W. O. Smith this afternoon filed a brief in the matter of Henry E. Cooper, an attorney at law, in the supreme court. It sets out succinctly the argument and authorities in his client's behalf, and not only asks for the discharge of the rule against the attorney-general, but that the conduct of the relator in the proceedings be condemned by the court.

Briefs on the other side will be filed tomorrow. There will be two, one written by Mr. McClanahan on behalf of the firm of Kinney, Hallou & McClanahan, and a personal brief written by W. A. Kinney.

W. O. Smith's brief in behalf of the respondent is as follows:  
Respondent respectfully submits that no ground has been shown to justify the laying of the information or to warrant the court in taking any action against the respondent.

The action complained of was that taken by the respondent as attorney-general in his official capacity, and as a ministerial act in the matter of a prosecution pending in the district court of Honolulu against one Carreira charged with assault and battery.

If any error were committed at all it was simply that of an error of judgment of the respondent in the exercise of his duties as attorney-general, and it is submitted that the action taken by him in that case was proper and justifiable under the statute.

Filing an information against an attorney charging gross and scandalous misconduct and malpractice, should only be done in an extreme case and where the conduct fully justifies the charge, and the offense must be such as shows him unfit to be entrusted with the powers of the profession.

1 Amer. & Eng. Encyc. of Law, p. 246; Baker v. Com., 10 Bush (Ky.), 322; in re Blake, 39 L. J. (Q. B.), 32; U. S. v. Porter, 2 Cranch, 60; Austin's Case, 5 Rawle (Pa.), 191.

Practitioners in the courts of record are "summarily amenable to the courts of record, and may be fined, imprisoned or dismissed from the roll of practitioners for satisfactory cause, upon the complaint of any party aggrieved by their malpractice, or for non-payment of moneys collected by them for private parties, or for any deceit or other gross misconduct." Civil laws, Section 119.

District magistrates "may be removed from office for cause by the supreme court or by the circuit judge of the judicial circuit in which the district of the magistrate complained of is situated." Civil laws, Section 114.

The President and all civil officers of the Republic shall be liable to removal from office on impeachment by the House of Representatives upon any of the following grounds, namely:

"Any act or neglect involving moral turpitude punishable by law as an offense, and committed while in office, incapacity for the due performance of official duties, maladministration in office, and assessment of office holders for partisan or political expenses." Article 90, Constitution.

Should there be abuse by the attorney-general of the exercise of his functions, "the remedy is not by an application to this court to interfere by the exercise of its undoubted power and prerogative, but to hold him responsible before the high court of parliament."

The institution of proceedings by one attorney from improper motives and without just grounds to disbar another is misconduct.

In re Kelley, 62 N. Y., 198.  
The malice of the relator in this case must be evident to the court from the pleadings, the evidence and the circumstances. It is submitted that it is due the respondent that not only should the rule be discharged, but that the conduct of the relator in the premises should be condemned by the court. Respectfully submitted.

WILLIAM O. SMITH,  
Attorney for respondent.  
Honolulu, June 26, 1899.

## SUBSCRIPTION FOR HOME

STAR RECEIVES \$500 FOR THE INCURABLES.

President Dole Tells What the Committee Intends to Do—Will Again Try to Get Kalili Heights Lot.

Five hundred dollars for the home for incurables has been promised to The Star by one party, who believes in not letting the right hand know what the left doeth, and the name is therefore withheld, but the money is there on call. This is a practical answer to the appeals made through The Star in favor of the home. It is a good beginning, and should be followed up.

It is understood that other subscriptions are available, as well as certain special funds. Among the latter is a part of the money subscribed for the Victorian annex to the hospital.

President Dole, seen about the matter this morning, gave out the following facts concerning the project:

Another effort will be made by the committee to secure from the Bishop the tract of six or more acres on the ridge back of the insane asylum. If the minds of the trustees can be changed, the plot would be more satisfactory to the committee than any other in sight.

Failing there, the committee will apply to the Government for a small tract on Nuuanu ridge, and will doubtless get it. The disadvantage of this place is that considerable valuable residence property is contiguous to it.

The committee has lost none of its enthusiasm and determination in the matter as a result of the refusal of the Bishop estate to grant the lot first chosen. On the other hand more determined effort will be put forward.

It is proposed to put up a main building containing sixteen beds and ample lateral arrangements. Cottages will be added as they may be required. Doctors and nurses will be detailed to care for the patients. The cost of fitting up the place will be something like \$12,000 to \$15,000. This will be paid by private subscription, and the purpose of the committee to lay before the legislature at its next session a proposal that the Government pay the running expenses of the institution by appropriation. In view of popular feeling on the subject it is believed that this idea will be endorsed.

## RESCUED FROM SQUALOR.

Three Chinese Children Taken by the Salvation Army.

WAIKAE, Kauai, June 27.—The Salvation Army have rescued three Chinese children from very squalid and neglected circumstances. The eldest of the three, is a girl twelve years old. The other two are boys, considerably younger.

Their father is said to be a confirmed opium fiend and gambler, who neglected his family. The mother, in desperation, committed suicide some months ago, by taking poison. Since her death, the father sold the daughter to another Chinaman for \$35 it is said, and after spending the money in opium and gambling, tried to get the girl back.

Ensign Sharp of the Salvation Army, learning of the matter, took the children, and they are being cared for at the army headquarters in Waikae. They were filthy and ragged from neglect when rescued, and the clothing they wore was but a few pieces of ragged rags. Ensign Sharp, by a precautionary measure, new clothing being provided through the kindness of the people of the place, who fully sustained Ensign Sharp in her proceedings.

## BETTER THAN EVER.

The show at the Orpheum last night was pronounced by those who attended as being better than ever before. The comedy sketch A Birthday Surprise, is a roaring farce, and the cake walk was very good. A large audience encouraged the actors to put forth their best efforts. The new songs by Marion and Barton called forth big applause. The same program tonight and all lovers of fun should not miss attending.

## CHURCH BEING DECORATED

PREPARING FOR OBSEQUIES OF QUEEN DOWAGER.

Large Force of Ladies Fitting up the Bier and Neighborhood—Body to Lie in State From Tomorrow.

About forty ladies and a retinue of workmen are engaged today decorating Kawaiahae church for the events of tomorrow, Saturday and Sunday. Mrs. S. C. Allen, Mrs. Neumann, the Misses Ward, the Misses Vida and others are at the head of the committee.

The church today is only partially decorated, but an idea of how it will look can be gathered. From the central row of pews in the nave to the back of the building is a dense forest of decoration, including floral pieces and evergreens. At the immediate center, the most conspicuous object in that quarter, is the steel-gray casket. On either side are rows of beautiful kahilis. Between them and the casket are the kahili bearers, four on each side, going through their solemn program and evergreens. The watches are changed every two hours and are kept up day and night. In regular time the kahilis from either side are brought together and are then passed down in opposite directions. This is so perfectly timed that every kahili moves at once.

On the two sides of the casket and at the head of it, are the royal tabu sticks. At the head is a crown worked in yellow flowers and farther back is a harp of the same material. Numerous other beautiful floral pieces appear in the same neighborhood, set at various elevations. The arches are set out on either side, and not in front as was the case on the occasion of the funeral of the late Princess Kaiulani.

By tomorrow dotted palms and ferns will be thickly distributed about the walls of the building and the gallery will be decorated. An immense lot of flowers and evergreens are already on hand and more is constantly pouring in.

The body of the late queen dowager will lie in state from noon tomorrow to 12 o'clock Saturday night.

## THE McVAY COMPANY.

How the Players will Manage Themselves Until Autumn.

The McVay theatrical troupe is a bit scattered at present but the members hope to get together again before September. Mr. McVay, his sister and the other ladies of the company sailed yesterday for San Francisco. Mr. Bowman and Violet Dale will likely get away today.

Mr. Adams will take the business management of the Orpheum theater for the new concern. Mr. Walton will assist him. Mr. and Mrs. Boggs will play for the season at the Orpheum in comic sketches. In August, while the Southwells are at the Opera House, the company will go to Hilo for two or more weeks and the Orpheum will be closed.

Mr. Dunn has been engaged by the Fourth of July committee to paint several street arches and floats. He is being assisted by Mr. Walton. When the work is finished Mr. Dunn will rejoin Mr. McVay at San Francisco. Mr. Shaw will probably remain here, entering his old trade, plumbing. Mr. Walton will take a course in elocution this fall. All the other members of the company will rejoin Mr. McVay in September.

## CONTAINED NO OPIUM.

Suspected Imports Were Subjected to a Chemical Analysis.

Some time ago it was reported to the customs authorities from Maui that ten barrels of some sort of molasses like compound, had been received there, which was regarded as suspicious, on account of its resemblance to opium. The matter was investigated. The consignee was very frank with the customs officials and afforded full opportunity for investigation; but said it was a compound used in boilers to prevent them from scaling. It was made to order after an analysis of the water used, had shown exactly what was required in the compound. The explanation was satisfactory, but to put the matter beyond doubt, samples were sent here for analysis. Mr. Shorey, the chemist of the Board of Health has just reported the result of his analysis, showing that there is no opium or compound of opium in the material.

## FOR THE FOURTH.

Silk, bunting and cotton flags; red, white and blue bunting and decorative tissue papers, shikaree, etc., etc., were received by Golden Rule Bazaar and are selling rapidly for Fourth of July.

## MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

## IMMENSE QUANTITIES.

Kerr, the Queen street merchant, has just received from London an immense shipment of dry goods. They were purchased by his London agent at the lowest possible rates for cash, and will be sold accordingly.

## BAR ASSOCIATION FORMED

DRAFT OF CONSTITUTION IS ADOPTED.

Anti-Life Tenure Resolutions Are Withdrawn in the Interest of Harmony—Association Officers Elected.

The organization of the Bar Association of the Hawaiian Islands was fully completed at the meeting of the lawyers in the supreme court chamber yesterday afternoon. This meeting was an adjourned session of the meeting held June 23.

The committee to draft a constitution appointed at the first meeting reported yesterday through its chairman, Mr. McClanahan. This report, with some slight amendments was adopted. It constitutes every attorney at law who was present at either of the two meetings for organization a member, and provides that every person admitted to practice law in the courts of record of the Islands is eligible for election to membership. Dues are fixed at \$2 50 on becoming a member and \$5 annual dues. The objects of the association are to elevate the plane of professional ethics, assist the judiciary in the administration of justice, to improve legal procedure and in general the usual purposes of bar associations. It is expressly provided that the association shall never be used directly or indirectly for political purposes.

Special meetings may be called on the request of five members on ten days notice.

One negative vote in five cast will defeat the election of a new member. The annual meeting will be held on the last Wednesday in May and the quarterly meetings on the last Wednesdays in August, November and February. These dates were fixed because they are during the sittings of court in the first circuit, and when there is no court in the other circuits, and was deemed most generally convenient for the bar of the Islands.

The officers elected to serve for the first year were: President, Paul Neumann; vice-president, Sidney M. Hall; secretary,
